Effective 7th October 2014

SPACEPAC WASTE BIN TOWING OPTIONS

Do you have steep or long ramps to drag your bins up and down?
 Spacepac has the solution, You can effortlessly tow the bin/s with an electric tug

**THE UNIVERSAL TOWING DEVICE can be used for Sulo and Otto
 660L and 1100L MGBs as well as the steel 1100L.**

- No drilling of holes in the bin required.. therefore no liquid leakage!!
- Solidly fixed to the base of the bin using the castor mounting bolts
- Passivated zinc finish for long life
- Bins per train should not exceed the rated drawbar towing capacity of the towing vehicle.
- Spring Loaded Draw bar- folds up to allow safe bin tipping

Code	Description
