- ✓ powerful battery
- ✓ easy handling
- ✓ high weight
134 kg + driver

Image: Stand-on scraper CMA 800 Elektro

Advantages and special features

The double scraper CMA 800 Elektro is the perfect solution for cleaning narrow stable passages. This battery driven stand-on scraper with its high quality traction batteries and light batteries has a provided appendant charger. The robust and galvanized chassis makes this machine extremely stable and long-living. The three big tyres and the controll via front axle make the scraper drive over the surface very savely and agile. The robust, but simple construction of this machine makes it very user-friendly.

The two flexible rubber strips on this 80 cm wide scraper guarantee convincing results on the running surface in the stable.

Easy handling

- 1: easy lifting up of pusher by using foot pedal
- 2: right hand: accelarating
left hand: forward / stop / backward

You will find the video of CMA Elektro right here!
